**SELECTMEN'S REPORT**

To give the voters of the town an opportunity to meet with the selectmen, open meetings have been held on a regular basis at 8 p.m. on the second Monday of each month at the Town Clerk's office.

Interim zoning expired September 18th. The selectmen interpreted the sentiments of the voters as wanting a simple ordinance which would afford some control. This was done and a Board of Construction was appointed consisting of the Board of Selectmen, the Health Officer and two appointees.

New equipment purchased was a sander and snow plow. For the purpose of saving 7 cents per gallon on gasoline we have acquired a storage tank which is a prerequisite to purchasing through the State purchasing agent.

The Clarendon Cemeteries have not been maintained in a satisfactory condition for some time and we have no intention of permitting this condition to continue. We feel that a Cemetery Association should be formed by some of the most interested citizens. We will appreciate advice and assistance to this end. Thus far we have assurance of the assistance of the Clarendon Volunteer Fire Dept. and we expect several other people will assist.

Respectfully submitted,  
JOSEPH R. RAICHE, JR.  
DAVE DUBEAU  
ROGER F. WEST

## THE CLARENDON FIRE ASSOCIATION, INC.

The Clarendon Vol. Fire Dept. has completed another successful year.

Perhaps our biggest achievement was to pay our \$1,500.00 note on our tank truck. We are now setting money aside for a new pumper. We have \$1,700.00 set aside at this time.

In the past year we received twenty fire calls and of these twenty calls four were for Mutual Aid from nearby towns. A total of 565 man hours were given for fighting these fires. The breakdown is as follows:

False Alarms	2	Electric	1
Car	2	House	4
Shed	1	Camp	1
Dump	1	Trailer	1
Grass	2	Furnace	2
Chimney	1	Possible Arson	2

Many fund raising activities were carried on such as the annual auction, suppers, raffles, car washes and fire extinguisher sales. From these volunteer activities we raised \$3,085.00 in 1972. This gave us a total of \$5,585.00 to operate our department in 1972.

The amount of volunteer hours given by the firemen this year are as follows:

Training	804 hrs.	Fund Raising	1000 hrs.
Fires	565 hrs.	Work around fire house	2000 hrs.
Parades	127 hrs.		

Total hours 4496

In 1972 the department participated in three parades. At the annual State Firemans Convention the Ladies Auxiliary and the Firemen combined brought home seven trophies, one being the Best Appearing in the State won by the Auxiliary.

Some of the needs of the department as far as equipment is concerned are a new pumper, another portable pump, additional hose, an electric generator and a smoke ejector. We realize that this all will take time and possibly years to purchase, but with

the generous help of our Townspeople, our Firemen and Ladies Auxiliary working together we will achieve our goals.

We wish to thank each and everyone for your generosity in the past and the support you have given us. We would also like to thank the school board for giving us the use of the school and premises for our Regional Fire Schools. This school was well attended by firemen from throughout the State and some from New York State.

It is because of this public interest that we have the active and interested department we do today, and it insures the protection you now have and in the future.

Thank you,  
JOHN PRATT, President  
ALAN RIDLON, Chief

## REPORT OF THE SCHOOL DIRECTORS AND THE SUPERINTENDENT

Enrollment at the elementary school continues to increase and the number of Clarendon pupils attending high school is greater each year. The result of these increases is reflected in the cost of operation of the school program.

If the number of elementary pupils continues at the same rate in the next few years, it will require more space at the elementary school. Clarendon taxpayers should be aware of this possibility.

Enrollment figures are as follows:

January 4, 1971	— 280
January 3, 1972	— 303
January 2, 1973	— 332

More teachers and materials are required for these additional pupils each year resulting in more cost to operate the school program.

Tuition pupils attending high school during the present year are as follows:

Rutland High School—	78
West Rutland High School	15
Wallingford High School	6

99

Fourteen of this number will graduate in June. However, the eighth grade numbers 38 so the net increase will be twenty-four more tuition pupils. The total budgeted for tuition payments for secondary-school pupils is \$155,000.

Transportation of your children has been discussed at several school directors meetings during this year. In an effort to meet some of the problems, it is the intention of the School District to add a third bus next fall. This will increase the budget for this item.

The total budget for the next fiscal year totals \$404,533.75 which represents an increase of \$56,306.00 over last year. State Aid continues to increase as follows:

1970-1971	\$ 66,279.00
1971-1972	78,115.00
1972-1973	109,012.00
1973-1974	135,000.00 (Estimated)

Accordingly the sum of money needed in local taxes for the next fiscal year is \$245,000.

It is most encouraging to note the progress being made in the development of a strong program of education by the excellent staff at the elementary school under the leadership of the Principal, Mr. Lewis. Clarendon is fortunate in the devotion and concern shown by our teachers and Principal.

Respectfully submitted,  
ROBERT STIMSON, *Chairman*  
LELAND CONGDON, *Clerk*  
MRS. ALICE BOWEN

Edson E. Phelps  
Superintendent

# VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, F. Y. 1971-72

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1971 through June 30, 1972. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Clarendon.

Number of Well-child and School Medical Conferences, and Immunization Clinics held in this town	6
Attendance of town residents at above conference clinics in this or nearby towns	399
Number of children aided under Child Health Programs (Child Development Clinic, Handicapped Childrens Clinics, Pediatric Consultation and Diagnosis)	16
Attendance at dental health, brushing, and flossing classes, and dental inspections	282
People X-rayed for tuberculosis detection	25
People X-rayed for occupational diseases	15
People served by tumor diagnostic screening services	4
Attendance at diabetes clinics or physician office for screening for diabetes	7
Attendance at glaucoma screening clinics	4
Attendance at amblyopia screening clinics (3-5yr. olds)	1
Diphtheria, tetanus, Whooping cough immunizations	224
Polio Immunizations	176
Smallpox Immunizations	—
Red Measles (rubeola) Immunizations	33
Rubella (German Measles) Immunizations	56
Number of water samples from supplies serving the public	10
Blood specimens tested (pre-marital, pre-natal, & other)	48
Other laboratory specimens	115

Nutrition and dietary consultations, demonstrations, services	1
Inspections and consultations to hospitals, nursing homes, and homes for the aged	—
Sanitary inspections & consultations to licensed food & lodging establishments and to other public & private facilities	36
Public Health Nurse visits to individuals	153
Number served by above visits	66
Other consultations, program, and group service activities of Public Health Nurses to residents of this town, or held in this town for area residents	56

The Home Health Services program, in addition to providing for the survey of home health agencies as required by Medicare, works cooperatively with the Division of Public Health Nursing, works closely with the Vermont Assembly of Home Health Agencies and the Agency of Human Services in seeking the provision of certified home health care available to all the people of the State.

Respectfully submitted,  
**R. B. AIKEN, M.D., M.P.H.**  
 Commissioner of Health
